SUMMARY

Software Engineer with 1+ year of experience developing scalable and high-performance web applications using JavaScript, TypeScript, React.js, Next.js, Node.js, and Express.js. Strong understanding of Object-Oriented Programming (OOP), REST APIs, relational databases, and software development principles. Skilled in problem solving, debugging, testing, and collaborating within agile development teams to deliver efficient and user-centric software solutions. Passionate about learning new technologies and building clean, maintainable, and reliable applications.

SKILLS

- Programming Languages:** JavaScript, TypeScript, Python (Basic), Java (Basic)
Frontend: React.js, Vue.js, Next.js, Tailwind CSS, Redux, Context API.
Backend: Node.js, Express.js, REST APIs, WebSocket.
Databases: MongoDB, PostgreSQL.
Core Concepts: OOP, Design Patterns, Data Structures & Algorithms, Problem Solving, SDLC, Debugging & Testing.
Tools: Git, GitHub, Postman, Vercel, Linux, VPS.
Learning: Docker, Go.

EXPERIENCE

Frontend Engineer

SM Technology | April 2025 – Present

- Built reusable React UI components to improve development efficiency and maintain consistent, pixel-perfect UI across applications.
- Integrated RESTful APIs and optimized data fetching, improving application performance and scalability.
- Improved application performance by 25% through API optimization and efficient state management.
- Contributed to frontend system design decisions and improved development workflows through clear technical documentation.
- Collaborated with backend developers and designers using Git workflows.

Junior Developer (Remote)

Trodev | Feb 2024 – May 2024

- Developed responsive UI using React, HTML, CSS, and JavaScript.
- Fixed bugs and improved application usability and performance through efficient debugging and optimization.
- Followed clean coding practices and maintained readable codebases.

Intern – Software Quality Testing

Bangladesh Computer Council (BCC) | Mar 2024 – Apr 2024

- Performed manual testing and identified system issues.
- Worked with QA team to improve software quality and reliability.

PROJECTS

DIMCPrep – Exam Platform

[Live](#)

- Developed responsive and pixel-perfect frontend using Next.js and Tailwind CSS.
- Built SEO-optimized user interfaces improving performance and user experience.
- Implemented dynamic quiz system with real-time feedback.
- Integrated Firebase authentication and RESTful APIs for secure user management.

Technologies: Next.js, TypeScript, Tailwind CSS, Ant Design, Redux.

Pet Training Booking Platform (Full Stack)

[Live](#) | [GitHub](#)

- Built scalable frontend architecture for real-world applications.
- Handled full-stack responsibilities from frontend to backend and deployment.
- Built dynamic booking workflows with robust validation and user-friendly interfaces.
- Developed RESTful APIs to manage session, users, and booking operations.
- Deployed the application on a VPS server and managed production environment
- Managed complex application state using Redux.

Technologies: Next.js, TypeScript, React, Redux, Node.js, Express.js, MongoDB, Prisma, VPS.

Expense Manager (Full Stack)

[Live](#) | [GitHub](#)

- Developed full-stack expense management application including frontend and backend.
- Implemented secure user authentication and authorization using JWT.
- Built expense tracking system with date-wise and category-based organization.
- Developed interactive user dashboard with category-based expense statistics.
- Implemented CRUD operations for managing user expenses.

Technologies: React.js, Next.js, Node.js, Express.js, MongoDB, Prisma, Tailwind CSS, Redux.

EDUCATION

M.Sc. in Computer Science

Jahangirnagar University, Dhaka, Bangladesh

Jan 2026 – Present

B.Sc. In Computer Science and Engineering

Bangladesh University of Business and Technology (BUBT), Dhaka, Bangladesh

Feb 2020 – Dec 2023

ACTIVITIES & ACHIEVEMENTS

- Runner-up, Junior Division — BUBT Intra University Programming Competition 2021.
- Participated in a Java-based Programming Problem Solving Session organized by ARCED Foundation.
- Competed in the ICPC Asia Dhaka Regional Site Online Preliminary Contest 2021.
- Competed in the ICPC Asia Dhaka Regional Site Online Preliminary Contest 2023.

LEADERSHIP

- President — BUBT IT Club (Aug 2023 – Feb 2024)
- Joint Secretary — BUBT IT Club (Dec 2022 - Aug 2023)
