SUMMARY

Frontend-focused Software Engineer with 1+ year of experience building high-performance web applications. Expert in the React and Next.js ecosystems, leveraging TypeScript and Tailwind CSS to deliver pixel-perfect, responsive UI/UX. Skilled in complex state management via Redux and committed to optimizing front-end performance for seamless user experiences.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Vue.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Redux, Context API, Zustand.

Backend & DB: Node.js, Express.js, REST APIs, WebSockets, MongoDB, MySQL, Firebase.

Infrastructure & Tools: Git, GitHub, Linux, VPS, Docker, Postman, Vercel, Render.

Currently Exploring: Go (Golang).

EXPERIENCE

Frontend Engineer

SM Technology

April 2025 – Present

Dhaka, Bangladesh

- Developed a core library of reusable React components, which helped the team build features faster while keeping the UI clean and consistent across different applications.
- Connected frontend interfaces with RESTful APIs and optimized how data loads, successfully improving the application's overall speed and performance by 25%.
- Worked closely with the team on frontend system design and wrote clear technical documentation to make onboarding and daily development smoother.

Junior Developer (Remote)

Trodev

Feb 2024 – May 2024

Remote

- Translated design mockups into fully responsive, mobile-friendly user interfaces using React.js, ensuring they worked seamlessly across all browsers and devices.
- Actively tracked down and fixed front-end bugs and layout issues, which directly improved the application's stability and everyday user experience.

Intern - Software Quality Testing

Bangladesh Computer Council (BCC)

Mar 2024 – Apr 2024

Dhaka, Bangladesh

- Conducted hands-on manual testing to catch bugs and edge cases early, working side-by-side with developers to deliver more reliable software.

PROJECTS

Petcare Booking Platform | *Next.js, Node.js, TypeScript, Prisma, MongoDB*

[Live](#) | [GitHub](#)

- Developed a comprehensive full-stack pet training booking platform with a client portal and admin dashboard.
- Implemented secure authentication (OTP, JWT) and role-based access control.
- Designed a robust REST API featuring automated background scheduling and PDF invoicing, deployed on a VPS.

Healthcare Staffing Dashboard | *React.js, Next.js, Node.js, Prisma, Tailwind*

[Live](#) | [GitHub](#)

- Built a dual-dashboard system for managing healthcare facilities and medical providers.
- Integrated Stripe payment gateway for seamless processing of staffing transactions.
- Implemented complex data validation and multi-step forms using React Hook Form and Zod.

DIMCPrep Exam Platform | *Next.js, TypeScript, Tailwind CSS, Redux, Firebase*

[Live](#)

- Developed a responsive frontend with a dynamic quiz system providing real-time feedback.
- Integrated Firebase authentication and RESTful APIs for secure user management.

EDUCATION

M.Sc. in Computer Science

Jahangirnagar University

Jan 2026 – Present

CGPA: 3.75/4.00 (1st Semester)

B.Sc. in Computer Science and Engineering

Bangladesh University of Business and Technology (BUBT)

Feb 2020 – Dec 2023

CGPA: 3.34/4.00

LEADERSHIP & ACTIVITIES

President: BUBT IT Club (Aug 2023 – Feb 2024) | **Joint Secretary** (Dec 2022 – Aug 2023)

Volunteer Lead: ICPC Asia Dhaka Regional 2023 (BUBT) & National IT Event (BCC, Feb 2023)
